GS1 DataBar™ (RSS 14) Reduced Space Symbology

1. Cust Spec.# - Assigned by Symbology for special or unique bar codes designed for you.
2. Narrow Bar - "X" Dimension - The nominal dimension of the narrow bars/spaces, which determines the left to right measurement.
3. Bar Height - Height of the bars.
4. Bar Width Adjustment - Loss/gain adjustment of the nominal bar width dimension on film masters or printing plates to compensate for print gain which occurs in wet ink printing processes.
5. Encodation - Must be fourteen digits.
6. Description - Used to identify the individual codes, for user reference only.
